- Definition of parcel boundaries – How do other counties define the boundaries of legal vs. assessor vs. exempt conveyance parcels? Do other counties make this distinction?
- Street Vacation/Dedication – What is the internal Assessor workflow of other counties? How do other county departments (external workflow) fit into that workflow (Recorder, Board of Supervisors, Department of Real Estate, Title/Transaction, etc)?
- Jurisdictional Transfers – Do other counties have a need to define portions of City/County owned parcels transferred between City/County agencies via Board of Supervisors action? Are map exhibits or legal descriptions included in the Board approved legislation packets?
