Dear Fellow Mappers,

The date of our next annual conference is approaching fast. It will be held on October 19<sup>th</sup> and 20<sup>th</sup> in Santa Cruz at the Coast Santa Cruz hotel, located on the main beach.

I am hoping that most of you will attend and in addition to enjoying the conference, you will be able to take advantage of some of the special things that Santa Cruz has to offer.

We have reserved a block of 40 hotel rooms at the conference rate, \$84 per night + tax. I would like to ask you to make your reservations as soon as possible, so that we can add another block of rooms as these fill up. The hotel will offer the conference rate for Friday night as well, should any of you want to extend your stay.

We will be serving a continental breakfast and refreshments during breaks, both Thursday and Friday and lunch on Thursday. There will also be a reception on Thursday night.

I am in the process of putting together the agenda and was wondering whether any of you were interested in giving a presentation? I am not aware of any hot button issues like the ones we had last year on the Forum, but mapping technology always seems to be a popular subject. Please contact me at [gulla.gisladdottir@co.santa-cruz.ca.us](mailto:gulla.gisladdottir@co.santa-cruz.ca.us) if you have any suggestions or ideas regarding presentations.

And lastly, we need to recruit for the position of Secretary, preferably before the conference. If anyone would like to volunteer, please let me know.

I am looking forward to seeing all of you in Santa Cruz in October and if you have any questions or suggestions, please contact me.

Yours truly,

Gulla Gisladdottir
